## R-Series

Wall Mounted  
Fireplace

HearthSense has married together modern design styling with next generation, patented dual fuel technology in this stylish wall mounted vent free fireplace. When the decor is contemporary, a traditional fireplace won't do and a wall heater is too utilitarian. The R-Series, with its stainless steel face and elliptical glass is the perfect combination for upscale modernist design. **Form, Function and Affordability.**

**Fireplace Dimensions:**

	width	height	depth
RD-S	31"	19.5"	12.5"
